Before You Vote Nov. 5 – You Must Register by Sept. 26

The Upland News

SEMI-WEEKLY—TUESDAYS AND FRIDAYS

Sept. 26 Is the Last Day to Register. Do It Now!

VOL. LII. UPLAND, CALIFORNIA, TUESDAY, SEPTEMBER 17, 1946. NO. 40

Its Red Hot Race For Prize Auto

BY S. J. LINER

With a grand total of 4,107,480 votes to her credit, Mrs. Henry Younge continues to lead for first honors and attendant award in The Upland News' big automobile prize subscription contest, fast drawing to a close.

Just under the four million vote, Sammie Rowe—who recently made such a spectacular leap to gain first place—now holds second place in the race but may be expected to show surprising strength before the finish.

Also just under t..e four million vote mark, indicative of good results accomplished during the past week, Mrs. Verna Mehl is driving upward and forward with a flourish toward the coveted first place. And, it might be added here, if resolute courage and indefatigable effort has anything to do with the matter, her name will be hoisted on the scoreboard when the winners are announced one week from this Saturday.

Standing firmly behind today's leaders, "Congressman" Jack Monroe, who displaces Miss Rilla Stickney today for fourth place, and Mrs. Doris Goalby—all of whom have made creditable advances and are still "in the money" so far as bonus awards are concerned—but others have made advances too, and are close on their heels.

All of the "Big Six" potential prize winners are seething with the bustle of preparation for the final dash; and, with one accord, are fighting feverishly and determinedly toward the goal—the outcome of which depends to a considerable extent upon results obtained by each individual contestant before the end of the "second period," terminating at 6 o'clock this Saturday night, September 21.

Right Royal

Friends of contestants, this is YOUR opportunity to be one of those to "go the limit" in helping put your favorite over the finish line in a BIG way; and, quite apart from your benefits financially in taking advantage of the special reduced long-term rates now in effect and also saving yourself the fuss and bother of having to renew your subscription every so often, it would really be a right royal thing for you to do for that friend.

It may be a physical impossibility for the hard working contestants to get around to see everyone in person during the short remaining time of the contest; and, if you would be good enough to telephone that friend and tell him or her that your subscription is awaiting them—or call this office and we will relay the glad news—your thoughtfulness will be doubly appreciated by the recipient. Do it right now—this very minute!

Contestants, the end of the race is now in sight and all indications point to the fact that top honors and attendant award—winner's choice of two beautiful brand new 1946 automobiles, fully equipped, worth more than $1,500.00—will be hotly contested. As may be seen by glancing at the standing of contestants appearing on this page, all of the leading contenders are entirely too close to be safe and developments are bound to happen.

Final Test

It is in you to win if you will. This is the final test. These are the days that show your resource-

Nearly $5,000 Pledged For C. of C. Program

With others still to be heard from, Upland merchants and other interested citizens had today pledged nearly $5,000 to the Upland chamber of commerce enlarged program.

Figures released today indicated that the total promised by local business men was $4,870. The chamber is seeking to raise at least $6,000 to carry on with its new policy, which includes the employment of a full-time secretary.

Several chamber members are still approaching merchants and securing addtonail pledges. Not everyone has been contacted as yet, and it is believed that the goal of $6,000 will be reached in the near future.

Those who have pledged themselves to the new, vigorous policy of the chamber of commerce follow:

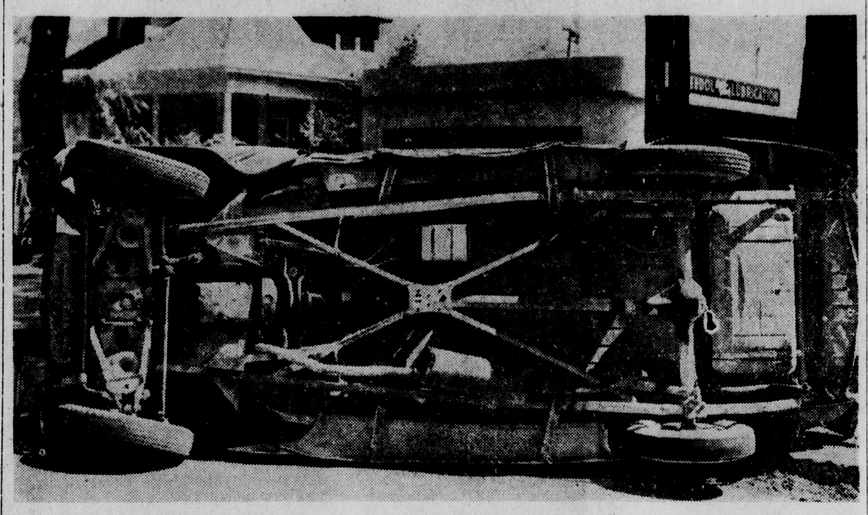
CAR TURNS OVER, OCCUPANTS SLIGHTLY HURT



The Upland News Photo

Shown here is the car driven by Mrs. A. M. Sieswerda, 50, Lucerne Valley, just after the accident Saturday morning on the corner of Euclid avenue and Arrow highway. Although the car skidded 31 feet and smashed against the telephone pole on its side, neither Mrs. Sieswerda nor her sister, Miss Francis Sieswerda, who was riding with her, were seriously injured.

Cars Turn Over In Two Accidents At Euclid And Arrow But Injuries Slight

Traffic accidents over the weekend on the corner of Euclid avenue and Arrow highway resulted in two cars being turned over but neither the drivers or occupants were seriously injured.

Hit broadside by another car, Mrs. A. M. Sieswerda, 50, Lucerne Valley, suffered abrasions of her forehead, left elbow and right wrist when the car which she was driving turned over on its side at the northeast corner of Euclid and Arrow at 10:15 a.m. Saturday.

Miss Frances Sieswerda, sister of the driver, escaped from the crash with abrasions of her left knee and shins. The car after traveling 31 feet from the impact smashed up against the telephone post, knocking over a mail box.

Sees Car

According to Mrs. Siesworda, who with her sister, was treated for her injuries at the San Antonio community hospital and dismissed, she was going north on Euclid when she saw a car driven by Harry C. Dorsey, 74, Santa Maria, going east on Arrow and crossing Euclid. She said that she thought he was going to stop but when he didn't she stepped on the gas in an effort to dodge him.

Dorsey told police that he started across Euclid only after he had made the boulevard stop and the collision occurred after he had started across the highway. He was cited by police for driving without due caution.

The left side of the Siesworda car was most heavily damaged with the cost estimated at $600 while the front damage to the Dorsey vehicle amounted to $250, according to police.

Turns Over

Another accident the same intersection resulted in one car being turned over completely on the south curb of Arrow and Euclid against the telephone pole. The driver of the car, Jack Dunagan, 18, 1450 West Ninth street, and William Hook, North Central avenue, a passenger in the car, miraculously escaped with only minor bumps and bruises.

According to police reports, Dunagan was going south on Euclid and was making a left turn into Arrow when the accident occurred. Mrs. Mildred Irma Stevens, 56, 1690 North San Antonio avenue, was right behind Dunagan and she said that he turned without giving the signal. Dunagan told police that he did signal and made his turn only after he thought the road was clear. Mrs. Stevens ran into the rear of Dunagan's car sending it 36 feet before it turned completely over.

(Continued on Page Two)

Sheppard To Be Here On Monday

To make an inspection of the Prado dam and the unfinished extension of Euclid avenue over the dam, Congressman Harry Sheppard will be in this district Monday morning.

Under the sponsorship of the Ontario-Upland Realty board and with Assemblyman R. Fred Price and others, the congressman will go over the dam project. Mr. Price has taken a lead in getting action looking to extension of Euclid and development of a direct highway over the dam.

Mr. Sheppard will be guest of honor at a dinner at noon following the tour and at that time it is expected he will make a report on his efforts concerning the road project. The general public is invited to attend the dinner at the Casa Blanca hotel.

Burglar Gets 60 Lbs. Sugar

The theft of 60 pounds of sugar and other articles sometime during the last two or three weeks was reported Sunday by Mrs. Milo Smith, 620 East Seventh street.

The sugar and three pounds of coffee were taken from small chest of drawers on the porch, Mrs. Smith said, while a number of pillow slips and sheets were removed from the house. Since she had not looked for any of the articles for several weeks, Mrs. Smith didn't know when the burglary occurred.

Upland police were called to a local residence at 4:10 a.m. Sunday to check on a reported prowler. F. C. Feathers, 213 South Euclid avenue, said that as he was coming down the stairs of his house he saw a man running past the window. He had apparently been trying to break into the rear screen door, Feathers said.

Police Search for Man Who Attacked Another With Knife

Upland police were still searching today for the assailant of a Mexican national at a dance Sunday night at the Sonora camp, Thirteenth street and Campus avenue.

Jorge Zuarez, the victim, told police that a man who is believed to be a former resident of Upland, swung at him with a knife when he was sitting down. When Zuarez got up, the assailant cut him on the throat, according to several witnesses.

No reason could be attributed for the attack by Zuarez. The dance which was held at the Sonora camp Sunday night was conducted by Marico Hernandez, 850 Alpine street.

Foothill Music Group Will Meet Tonight

Plans for the coming year will be discussed at the Foothill Music association meeting in the Pomona high school at 7:30 o'clock tonight. This is the first meeting of the fall season and attendance of all members and interested persons is sought. Francis Wilson, president, said.

This is the first meeting of the group since the recent production of "Pinafore." Future plans will be discussed by the members. On Monday the association's orchestra will meet to begin its new activities.

Cub Scout Committee Makes Urgent Appeal For 12-14 More Den Mothers

The Upland cub scout committee today in an urgent appeal called upon mothers to volunteer their services as den mothers or "let your cub pack die for lack of little support."

In a statement released by Dick Allen, cubmaster, and William Sefton, assistant cubmaster, the committee declared that the services of between 12 and 14 local women who could act as den mothers must be secured if cub scout activities are to be continued.

Pointing to the past success of "cubbing" in Upland, the committee said:

"The chamber of commerce is planning a great many events to attract attention to the importance of Upland but what better attraction than the cub scouts. Our pack ranks nationally in the first five. We rank at the top of the Old Baldy council which comprises many cities and numerous packs . . .

"What better attraction can we have for our fair city than this? Let's keep this outstanding cub pack going strong and support our very own."

The complete text of the appeal to Upland women to support the cub scouts follows:

"What are we going to do about cubbing? Citizens of Upland, the cub scout committee is taking this means for making an appeal for the support of cubbing. Are you going to let your cub pack die for lack of a little support?

"We need 12 to 14 den mothers to continue in this fine work, so we may begin our new year in active cubbing. Surely, in a city the size of Upland there are many civic-minded women who would donate one afternoon's time per week for the future citizens of Upland.

"The training the cubs have will assure good citizens of the future and make Upland (as it is today) an outstanding community in which to live and raise your families. The moral lessons these boys learn and the physical fitness they achieve are two of the many accomplishments the boys may receive as Cub scouts.

The Upland cub pack has been self supporting financially and it takes a lot of money when you plan any activity in which 120 to 140 boys participate. All the cub committee is asking for is a little donated time.

"The chamber of commerce is planning a great many events to attract attention to the importance of Upland; but what better attraction than the cub scouts? Our pack ranks nationally in the first five. We rank at the top of Old Baldy Council which comprises many cities and numerous packs.

"Our cub baseball team won in the Ontario league which included Fontana and then went on to the Inter-city league made up of many cities and towns among whom are Pomona, La Verne and Claremont. Last year our team took second place.

"There have been write-ups in other state newspapers about our cub scout boxing tournaments. If we continue to have them they will soon become known nation-wide. Many prominent men in the sports world have received innumerable comments on our activities.

"What better attraction can we have for our fair city than this? Let's keep this outstanding cub pack going strong and suport our very own.

"Any woman interested in this worthy undertaking, please call:

Dick Allen, cubmaster, 312-340

Bill Sefton, assistant cubmaster, 313-470."

September Building Permits Now Total $82,221 Here

Thirteen New Dwellings Started In City for Valuation of $66,800

With still two weeks left in the month, September seemed to be well on its way toward being a record building month as unofficial figures indicated that building valuation for this month alone had already reached $82,221.50.

Of the 27 building permits issued so far in September, 13 are for new homes for an estimated value of $66,800.

Helping to boost the building total this month has been issuing of a permit to the Upland Lemon Growers for the construction of a refrigeration plant at a cost of $10,000. The plant which will be built at 128 Sultana avenue will provide additional refrigeration for the packing house as well as air conditioning for workers.

Clyde Jones is the contractor for the Lemon Growers' job, with the Associated Refrigerating Engineers, architects. Thomas C. Kendall is the engineer. The plant will use concrete tile for its exterior walls and will be 1652 square feet.

$9000 Home

Heading the list of new homes for the month is the five room dwelling being built by Glenn Mikessill at 1442 North Euclid avenue at a cost of $9000. The house will be 1784 square feet with a 17 by 19 attached garage. Thomas Campbell is the contractor and Harold J. Bisnner, Pasadena, the architect.

R. L. Stanford, Pasadena, has taken out permits for the building of two home at 102 and 116 Euclid place. Both will be four rooms, 924 square feet and include agarage. J. F. Stanford is the contractor.

A four room house occupying 992 square feet is being constructed by F. H. McCullum at 72 West Eighth street. Another four room house is being constructed by Francis E. Gilbreath, 603 West Park, Ontario, at 272 South Third avenue. H. R. Neely is the contractor and the E. M. Diernier Plan Service drew the plans.

Other homes started this week include a three room house at 58 East Eighth street, with Sam Smiley, owner; five room house at 255 South Third avenue, J. W. Martin; three room house on the rear of the lot at 164 South Palm by Zook and Shilling, contractors.

The large number of permits which seemed to swamp the city building inspector's office also included the following permits:

Leonard Smith, 869 West Ninth street, addition of room.

Dr. A. W. Black, 430 North Second avenue, roof repair. Andrew Millard, contractor.

George P. Collier, 444 North Ninth avenue, alterations to dwelling.

H. G. Smith, 92 West Arrow highway, repair roof. H. F. Brown, contractor.

Mrs. W. E. Rogers, 305 East Ninth street, termite damage repair. Antimite Associates.

Arthur Parisien, 548 East Seventh street, additions and alterations.

The total for little over two weeks of September this year is already more than four times as high as that of September, 1945, when building valuation for the entire month was only $20,425. In

If Enough Demand, Baby Clinic Can Be Held All Day

Due to the large number of mothers who brought their children to the well-baby conference at the Upland elementary school last Friday, Miss Elsie Hinds, city health nurse, said that if there is enough demand a full-day clinic could be held in the future.

Mothers who think that the conference should be held all day are asked by Miss Hinds to contact her at the city hall between 4 and 5 p.m. any day except Saturday and Sunday. If there is sufficient response, ararngements can be made to have an all-day clinic.

The conference is held in cooperation with the Upland Parent-Teachers association and local physicians.

Upland Schools Show Increase

All Upland schools, with the exception of the Sierra Vista school, show an increase in the enrollment as compared to last year's figures.

At the junior high, 304 have enrolled, representing an increase of 16 over last year's 288. Eighteenth street school began classes yesterday with 56, which is 22 over last year's 34.

The Sierra Vista school enrolled 34 as against 65 for the previous school year. At the elementary school, enrollment reached 589 in grades one to six, and 71 in the kindergarten. Last year's registration totaled 511 for the elementary division, 75 for the kindergarten.

Harold W. Cook, superintendent, stated that school officials are expecting additional students to enroll in grades one to nine.

Council To Get Petition Soon

A petition asking for the early construction of a ball park and already signed by more than 300 Upland residents will be presented to the Upland city council when it holds its regular meeting Thursday night.

Sponsored by Spencer Smith, the petition has been circulated around town for the past two weeks. Smith said that he hopes to have nearly 400 signatures by the time he presents it to the city council.

The petition calls for the establishment of ball park in the city park east of town and points to the urgent need for ball playing facilities in the city.

Chaffey Adult School Starts September 30

With 15 courses definitely set and 13 others still pending, Mrs. James Martinez, director, announced today that registration for the Chaffey Adult school will be held Monday night, September 30.

All those desiring to enroll for courses at the Chaffey night school must register at that time, regardless when the class is scheduled to be held, Mrs. Martinez said. Unless otherwise specified, most all classes will be held on Monday and Wednesday nights.

Courses already set up at the Chaffey adult school and instructors follow.

China Painting, Pansy Ham, Thursday 9 a.m. to 12 noon, Girl scout house, Upland.

Tailoring, B. P. Nadler, Monday, beginners; Wednesday, advanced.

Theory of aviation engines, Fred Felsch.

Machine shop, Harold Herrling.

Furniture making, includes remaking of antique pieces and methods of finishing, J. E. Toleman.

Upholstery, Mrs. Mable Norton.

Income tax accounting and bookkeeping, Ward Tornell.

Art leather work, Mrs. Marion Parmenter. (Purses, belts, other leather goods.)

Real estate law, Oregon Smith. Good for those planning to build as well as realtors.

Typewriting, Conway Spitler.

Shorthand, Willian Groneweg.

Photography, John Gemmel, includes field trip once a month.

Folk dancing, Helen Greenlaw, Wednesday.

Art metal work, Marcellus Jones. Making of desk sets, ash tray, etc.

Spanish conversation, Paul Coronell, Wednesday.

For regular classes the fee will be $1, Mrs. Martinez said. The charge for shop work will be $2 and for tailoring $2.50 to meet the cost of materials used.

Thirteen other courses have been tentatively arranged, depending upon the demand from people in the Chaffey district.

(Continued on Page Two)

Strange Things End Up In Shop Run By Local Couple

BY BETTY KALAGIAN

Strange things have ended up in Mr. and Mrs. W. P. McClish's backyard curoisity shop off Ninth street, but when it happens to be a Swiss music box known to be 100 years old, carrying puzzling marks of an even older past it make even a collector wonder.

The extraordinary music box, which looks more like a museum piece, has trade numbers in various sections of the box but other than that it still remains an intricate mechanism surrounded by an aroma of mystery.

Purchased from people living in Upland who were originally from the mid-west, the box came into the McClish's possession when the family decided to break up their home and sell the sentimental piece. According to Mr. McClish, the original owners have had it in their family for 90 years, and he believes it was of considerable age when they bought it. Consequently, until the music box is appraised by an expert its origin and complete history are still somewhat guesswork.

Clear Bells

Approximately the size of a small hope chest, the Swiss music box is made of fine inlaid wood, and further distinguished by two inlaid pearl markings. Eight steel roller records round out the unique group of musical collections, which when played sound like soft, clear bells.

However, the century old instrument has one advantage which would appeal to almost any music lover—each roll plays six pieces each and lasts for 15 minutes. This gives the listener a chance to select music to fit his own particular mood. If for example he is in a patriotic mood he will find a 15-minute rool which includes "The Star Spangled Banner," "Columbia, the Gem of the Ocean," "The Marseillaise" and other similar numbers. If, however, he has an operatic appetite he'll find selections from "Martha," "Barber of Seville," "La Traviata" and others.

Brass Clock

Another old timer in the McClish collection which sits beside 175 salt disk sets, is an old Seth Thomas brass clock, over 100 years ago brought from Kentucky by an Ontario family.

Perhaps, however, Mr. McClish's most cherished possession is his campaign badge collection. Among the 250 pieces are the champaign badges of Teddy Roosevelt, McKinley, Cleveland, Taft and William Jennings Bryan.

"Most of the stuff is what I've picked up within the past year," Mr. McClish will tell you, "but a

(Continued on Page 2)

$55 Will Be Offered Thursday

Sum of $55 will be offered some local resident by The Upland News and food stores Thursday night.

An address will be selected from The News' complete residential directory. The money will be offered occupants of that address and the money will be awarded if they have made purchases totaling at least $1 at one or more of the food stores advertised in today's Upland News.

Eligible food stores are Safeway, Walker's market, Central market, Central meat market, Lee's market, Arrow market, Snowden's market, Clint's produce and Olson's market.

Mr. and Mrs. E. J. Broyles, 685 North First avenue, were not at home to receive the $25 dividend day award offered in the weekly fund last night. A call was made at their address but no one was at home to exchange the sales slips for $25.

ABOUT PEOPLE

Miss Eunice Mitchell, 662½ North First avenue, is taking a one-week vacation from her duties as secretary at the Upland office of the American Red Cross. During her absence, various members of the home service group are taking over the responsibility of the office.

Mrs. Leonard Matthews, 376 Parkside, returned home Sunday evening from Southern Permanente hospital, Fontana, accompanied by her infant son. The new baby was welcomed by his six-year-old sister, Phyllis Jean.

Yes, we have baby baths, folding aluminum frame with plastic tub and dressing table, only $16.50 at Upland Furniture Co. (adv. 40-1)

Mrs. Mary Gillingwator, Benson avenue, spent the day yesterday at her cabin in San Antonio canyon, taking with her as guests Mrs. Leon Durham, 1124 North Euclid avenue, and Miss Willamene Hainly, Vernon drive.

Mrs. Anna Bryant has been released from San Antonio community hospital and is now able to receive friends at the home of her daughter, Mrs. J. W. McConkay, 679 Second avenue. Mrs. Bryant has been given care at the hospital for a broken hip suffered when she slipped and fell on the floor at home. Her condition, as reported by Mrs. McConkay, is as well as can be expected.

All wool Axminster rugs, all-over pattern, blue or rose, 9x12 size, $49.50 at Upland Furniture Co. (adv. 40-1)

Mrs. Alan Adams, 231 Parkside, was scheduled to undergo surgery at the Kaiser hospital today.

WORK SLOW

According to information received from the Upland office of the American Red Cross, the chapter has not yet filled their quota of sewing. Work towards filling the quota has been very slow all summer, but, however, the group hopes to have the work pick-up with the coming of fall.

Adult Schools Open Sept. 30

(Continued from Page 1)

Teachers have been secured but classes cannot be held unless there are at least 18 registered for each class. Those interested in any of the following courses should get in touch with Mrs. Martinez immediately at Chaffey:

Contemporary drama, beginning Spanish, exercise and table games, flower arrangement, millinery, mechanical drawing and blueprint reading, ceramics, speech art and radio technique, public speaking, psychology and nursery schools, office machines, Americanization and beginning French.

Anyone interested in any courses not listed should get in touch with Mrs. Martinez and if at least 18 register, a class will be formed.

Those wishing to contact Mrs. Martinez or the adult education office may call 627-11 from 9 a.m. to 5 p.m. every day ecept Saturday and Sunday.

STRANGE THINGS HAPPEN HERE

(Continued from Page 1)

few items in the shop," he will add with pride, "come from my wife's old home back in Ohio."

Unique Home

Mrs. McClish's part in starting the business and influencing her husband to become a trader-collector is evidenced if you are allowed a peep in her home. Among her cutglass collection, grandfather rockers, antique beds and old time pump organ are enough curiosities to start a small shop right in her home.

An electric lineman by trade, Mr. McClish has also been custodian of Pomona college, and former owner of three trade-in-curosity shops in Pomona. The trader and his wife have lived in Upland for seven years, and last year they decided to go back to the work they love—and right in their own backyard.

Prowler Scared, Leaves Shoes

A prowler who left his shoes behind him was reported to Upland police.

Manuel Rojas, Ninth and Vinmar, Cucamonga, said that he heard someone trying to get into the house last night. When he went out to see who it was, the prowler ran away, leaving his shoes behind him.

HAT STOLEN

Joe's cafe, Cucamonga, reported to Upland police that a hat was stolen from the cafe Sunday.

Chaffey College Opens Classes

Adults interested in painting and in feature writing will have the opportunity to register for classes in those subjects at Chaffey college. The classes, although attended by regularly enrolled students, have been thrown open to the adults in the community.

Feature writing class, instituted last spring by Instructor Mabel Stanford will be held in room 54 of the college building from 1:30 to 3:20 p.m. Thursday. Interested persons may register for the class by telephoning the college office.

Art class will meet Wednesday from 1:30 to 5:30 p.m. in the art room, third floor, South hall of the high school, and will be instructed by Mrs. Josephine Kopenhaver.

The art class has been offered to adults in this area for several successive years and includes, in addition to painting, field trips. Registration may be made at the first class session tomorrow.

Cars Turn Over In Accidents

(Continued from Page 1)

Badly damaged, it was towed away while the Stevens car was driven away on its own power.

Thrown Out

Police cited both drivers, Dunagan for making an improper turn from the wrong lane and Mrs. Stevens for driving without due caution and following Dunagan's car too closely.

Skidding 150 feet across the street, Pedro H. Juraz, 18, 1428 Bowen street, was thrown out of his car into a ditch at the Ninth street bridge Saturday afternoon but escaped with only minor bruises. He was cited for going 50 miles an hour in a 25 mile zone.

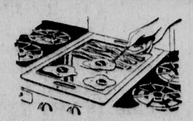
HOW TO BE LATE TO THE KITCHEN

-and early with a marvelous meal!

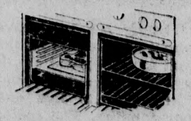
Be sure your kitchen plans include a CP gas range

There's a great day a-coming, fair lady! The day your gleaming, new CP gas range moves into your kitchen, hustle and bustle will fly out the window. You'll enjoy *faster, better* cooking than ever before. The giant, speed gas burners will pare minutes from cooking time with higher heat—"on the job" the *instant you turn it on*—no wait, no delay. You'll get any low heat needed, too, for simmering, warming, and waterless cookery—with an infinite variety in-between, all *instantly controlled*. Even the oven is on the job *instantly*. There's no need to wait for pre-heating. Yes, there is everything to give you a new high in *Certified Performance* and turn meal-making into a lark when you cook on a CP Gas Range.



No riddle with this griddle—big, roomy, it accommodates a whole breakfast at once, ham, eggs, bacon. And fries 'em to a turn. Easy to clean as it is to use.

Easy does it in cleaning the whole range. Satiny smooth porcelain enamel requires minimum work. A damp cloth does most of the cleaning in a jiffy.



Double feature performance with efficient oven and separate broiler unit in many models. Bake and broil—*both at once*—no waiting or lag in serving.

Just set the clock control—then forget your oven dinner. Your range will turn it on at the right time, have it done as the family is ready to eat.

HONEYMOONERS AT LAKE ARROWHEAD

On a honeymoon to Sequoia national park, Lake Arrowhead and Catalina Island before returning to Upland, are Mr. and Mrs. Howard Lynn Welch. Mrs. Welch is the former Ruth Olivene West, daughter of Mr. and Mrs. John D. West, 195 South Euclid avenue. Their marriage vows were spoken at the First Baptist church, Ontario, on August 30. Mr. Welch, son of Mr. and Mrs. H. L. Welch, Burbank, is now employed by the local Star Taxi service.

Mr. and Mrs. Donald L. Mosher Return From Honeymoon Trip to Laguna Beach

Now home from a weeks' honeymoon trip to Laguna Beach are Mr. and Mrs. Donald L. Mosher. The bride, the former Marian Ruth Brockmeier, is the daughter of Paul Brockmeier, 473 Washington boulevard, Chino, where the young couple will reside until they are able to obtain housing.

Mr. Mosher is the son of Mr. and Mrs. D. W. Mosher, 557 East E street, Ontario, and is employed at the Upland First National bank.

The double-ring marriage ceremony took place September 6 in the First Methodist church, Chino, in the presence of 300 wedding guests. Rev. Lloyd Taber, Chino, performed the rites against a background of white gladioli and palms.

George Morgan played the wedding march as well as "Indian Love Call," "Serenade" and "Ave Maria." He accompanied Clyde Tabler when he sang "At Dawning" and "Because."

A halo of traditional orange blossoms held the bride's fingertip veil in place. She wore a gown of slipper satin with inserts of Swiss lace and fashioned with a sweetheart neckline.

A diamond pendant, an heirloom, was the bride's jewelry and she carried an orchid corsage centered in gardenias and bouvardia.

The bride's sister, Mrs. Wilbur Ladd, and the groom's sister, Mrs. Wendell Miller, served as bridal attendants. Mrs. Ladd wore pink while Mrs. Miller wore a blue gown of identical 18th century design. Both wore sweetheart-brimmed hats and carried a bouquet of pink gladioli and blue delphinium.

Richard Mills, Ontario, served as best man and was assisted by ushers Wendell Miller, Ontario, Bryce Walton, Anaheim, and Wilbur Ladd, Ontario.

A reception was held in the church's social after which the bride changed to a three-piece grey beige suit with black accessories.

Both graduates of Chaffey college, the bride has been employed in the Pomona branch of the Southern Counties Gas company.

Chapel Ceremonies Unite in Marriage Helene Kotowicz, James Mothersbaugh

When the "Bride and Groom" program went on the air last Friday, Helen Gayle Kotowicz, 1423 North Euclid avenue, and her bridegroom, First Lieut. James F. Mothersbaugh, Hamilton Field, California, were the featured participants.

The bride is the daughter of Michael Kotowicz, Adams, Massachusetts, while the groom's parents, Mr. and Mrs. J. A. Mothersbaugh, reside at Kansas City, Missouri.

The marriage ceremony was performed at 10:30 a.m. at the Chapman Park Pueblo Oratorio, Hollywood, by Rev. A. Hill, pastor, with the radio festivities taking place at 3 p.m.

In addition to the traditional wedding march, the couple chose "Ave Maria," "Because," "The Lord's Prayer" and "One Alone" for background music.

Given in the single ring ceremony by Dr. Gerald P. Dunne, Fontana, the bride wore a gown of white marquisette styled with a sweetheart neckline, fitted bodice and three quarter length sleeves. The sleeves were finished with a ruffle and a ruffle extended from the waist to the floor in the back of the dress. Her veil was fingertip length.

Gardenias and roses arranged in a sheath were the flowers carried by the bride and her jewelry consisted of a rhinestone bracelet and a pearl necklace.

The bride's single attendant, Miss Ida M. Giannoni, Ontario, wore a light blue gown, fitted lace top and net skirt, with a sweetheart neckline and three quarter length sleeves. A blue Juliet cap held a shoulder length veil in place.

Serving the groom as best man was Captain George Lincoln, Santa Ana.

For their honeymoon at the C Bar H ranch in Lucerne Valley as guests of the radio program, the new Mrs. Mothersbaugh chose a light green suit with black accessories and wore a corsage of talisman roses. Following their stay at the guest ranch, the newlyweds will motor to Kansas City, Missouri.

The bride is a graduate of Adams high school, Adams, Massachusetts and has been employed as secretary to the controller at Kaiser Company, Inc., Fontana. Mr. Mothersbaugh is a graduate of Kansas City punior college, Kansas City. He is a pilot in the army air force and at present is with the air reserve service stationed at Hamilton Field.

On their return to California from Kansas City, the couple will make their home at Napa.

When Rev. W. H. Burton, pastor of the Upland Nazarene church, returned from his vacation to El Paso and Oklahoma City, members of his congregation turned out 300 strong to greet his return. Mrs. Burton and the two girls, Ruth and Patsy, were presented with corsages, while Rev. Burton and the son, Charles, received buttonhole carnations. During their absence, members of the church and neighbors had done repair work and painting in various rooms of the parsonage, installed clothesline, and watered and taken care of the lawn and flowers.

Two local women have entered a three-year nurses' training course at Huntington Memorial hospital, Pasadena, this week from which they will graduate as registered nurses. The yare Miss Ruth Asper, daughter of Mr. and Mrs. Rueben Asper, and Miss Carol Byer, daughter of Mrs. Mary Byer, 481 North Second avenue. The women were classmates at Beulah college last year where they were graduated from a pre-nursing course.

Mr. and Mrs. W. S. Guys, Euclid avenue, returned yesterday from a vacation to Eugene, Oregon.

Wallace Again? Too Many Like Him and Dr. Gra Will Ruin Us Yet

Too many people are trying to save America. And perhaps that is needed to be so for awhile.

We have no more ready cash now than at first. It is so bad for a short time, but it is indicative of a condition that has been brought about by our Dr. Gra's. Without the hundreds of technicians and "cure-alls" very likely we would have plenty of meat and plenty of many other scarce items.

We had the misfortune of losing the medical a long time ago that we is still one of the only "professions" flourishing and making money.

Dr. Gra and the other government "medicine" men have been experimenting on the patient for several years. And they're worried—it looks like the patient is going to recover in spite of all they can do.

The "cure" itself is bad enough but the fees for professional services are terrific. America has been a very patient patient but its getting tired of paying the bill for a cure it doesn't need.

All of this is just another way of saying it is high time for us to stop squandering billions annually for remedies to correct our economic ills. What we need instead, is to get rid of the remedies. The OPA and other agencies—generally speaking—are doing more now to retard than to help America regain normalcy.

But to get rid of them. Ah, that is the rub. The Washington bureaucrats are not giving up without a struggle. They're having a grand time—and getting paid for it.

They're determined to "save" America even if they have to wreck the country to do it. And they will wreck it unless we stop them.

Peacemakers Must Be Pacemakers

In these days, with problems being raised rather than solved at the Peace Conference, with foreign rocket bombs falling on Finland and Sweden, with forces seeking to control the world, making demand after demand, creating division and confusion and using every grievance as a wedge to split the world's structure, what is the matter?

The democratic nations of the world need to find a common mind and a common heart. They need to know what they want and then to fight for it with a determination, skill and unity that is more than human.

It is not a question of being forever "put on the spot," and of having to adjust and to say "yes" or "no" to the carefully planned maneuvers of other powers. That was the way that Hitler, and not the democratic nations, came to be the pacemaker of world history in the last decade. As peacemakers we need to take the initiative and ourselves become the shapers of history in this decade.

The fact emerges ever more clearly from the peace conference that this is not "peace" but an idological war that we are in. The only way to avert a third world war of arms is to fight and win this war of ideas. And the way to fight and win an idological war it not take up a gun and say "We're right!" It is to take up our own idea and live it out till we prove we are right. To set the pace in a way of life that wins others to it is the only way to find peace in life and to make peace in the world.

Emotional oratory may stir people but it has never proved any fact in the history of the world.

The idea that marriages originate in Heaven is disturbed by the number that end in the divorce courts.

Mac Says So

BY PAT McQUILLEN

SWEET MEMORIES

At the time the Macs left the business held we received numbers of regrets and commendations. Just then we didn't know what to say or how to say it. As this late date we express our sincere appreciation.

In reply to constant inquiries, we have missed those usual convenient opportunities to visit, to chat about affairs and problems, and to enter into the good natured "Razzings" which were the highlights of each succeeding day. On occasion folks would say, "Didn't come in to buy, just wanted to 'chew the fat,'" and we loved it. Happy were the days, for people were our hobby and the Drug Store was our plaything. The pleasant associations with our business and professional brethren will be treasured. There was and still is a heartening lack of petty jealousy and strife that mars the atmosphere of some localities. That is a healthy and blessed attitude for, after all, each business is, in a measure, dependent on the success of the others.

No one can or wants to satisfy his needs in one establishment either in merchandise, service or in human contacts. Customers hand out the prizes in competition and one gets about what he deserves—sometimes more.

Right next door we had for neighbors, the Atwoods, the J. J. Atwood company being almost calendar twins with the Macs. During those 35 years we strolled through eras that were inspiring, times that often tried the courage and resourcefulness of men.

We sort of leaned on the Atwoods, for theirs was the king pin or foundation stone of Upland's shopping district. Their presence meant a great deal to us as well as to other business firms.

It is said that adversity brings out the best in human nature. We say that no braver crew ever brought their ship to port than the one skippered by their loved and respected Captain—Owen Atwood.

So, to the Atwood Boys, their fine families and to the memory of that good, kindly, father, friend and christian gentleman, J. J. Atwood, who founded the firm, we direct this grateful salute.

Cheerfully yours,
Mac.

Around Town

BY THE TOWNSMAN

If the Upland police continue to receive compliments for their courtesy to motorists they warn or arrest, it might be a good idea if some of the Upland officers were used to conduct courtesy classes in some of the local schools.

The latest to be commended, John McCarty, was an M.P. in the army during the war. From what we've heard of army police, McCarty must have been one of the few who didn't take the army way of doing things too seriously.

With emphasis on housing these days, Howard Pierce spent his entire two weeks' vacation on repainting the inside of his house, and he's not finished yet. So, if you should see somebody with a painter's cap on and it looks like Pierce, don't be confused because it in all probability will be him.

There seemed to be plenty of chicken and other food for the combined dinner meeting of the three service clubs from Cucamonga, Alta Loma and Etiwanda. The meeting was held at the Alta Loma fire hall and everybody there reported having a good time.

Residents on Eleventh street between Fifth and Sixth avenues, report an unscheduled dog convention around midnight yesterday. It seems as if a congregation of dogs gathered on some empty field and engaged in a free-for-all which ended up quite as suddenly as it had started. Where all the dogs came from nobody seems to know, but it did disturb the sleep of a lot of people.

You can tell football is here again. Ralph Murchison was seen throwing the pigskin around on the corner of Second avenue and Eleventh street yesterday and the way he got off some passes, maybe it might be a good idea to get an Upland city football team started.

Ontario Couple Have 30th Grandchild

Proud grandparents are Attorney and Mrs. C. E. Crowley, 514 Plaza Serena, Ontario, who last week received the news of the birth of their thirtieth grandchild.

The baby, named Bonnie Elaine, is the daughter of Mr. and Mrs. Milton J. Thurber, 636 Plaza Serena, and was born September 11 in San Antonio community hospital.

BY DON BENSON

Now that the schools have cranked up for another season, everyone more or less interested in football has been busy batting the breeze about Chaffey's prospects in the coming season.

Having had the pleasure of meeting "Truck" Lindsey and Ray Rosso, respective coaches of the Tigers and Panthers, it was quite apparent that Chaffey has made wise choices.

The response and feeling of friendliness plus the atmosphere of being a "good Joe," was easy to see in the first meeting of coaches and prospective players two weeks ago at the hamburger and watermelon feed.

While gossiping with different groups of Chaffey students, everyone seems to think these new coaches are more than just "all right."

Having played guard for three years on the Golden Bears of Berkeley, it was a surprise to see how small Ray Rosso is. Guards usually run largely to suet and plenty of beef, so it came as a mild shock to see this "watch charm" size guard, which could mean only one thing: Ray must have been quite a "fighter" in his football playing and probably has enough left from his hitch in the navy to impart the same fighting spirit in his Jay C Panthers, come game time.

"Truck" Lindsey has previously made quite a reputation for himself while coaching at El Monte high school.

The spirit and effervescent enthusiasm that these two coaches give to their players will more than make up for the drugery of football training and lighten the load for tired and aching muscles. And football is work and not just the glamour of game time. Ask a player and he'll tell you of the daily calisthenics, "wind" sprints that build up a pair of lungs into leather bellows, and plenty of body contact in the form of scrimmage, etc.

Another thing that appealed to everyone was the general attitude expressed by these coaches, that while they might lose a game they would still have a bang-up time doing it!

So it is with the best wishes from everyone concerned that the Tigers and Panthers start sharp-

(Continued on Page Eight)

Packers Beat G.E. In Loose Game, 4 to 3

G.E. lost the first game of the Shaugnessey play-off to Riverside, 4 to 3, Friday night at the Packer diamond, but won the brawl between the base umpire, Kenny Stout and Bunky Orr.

Umpire Stout "missed one" on his decision in the seventh, calling Bunky Orr out at first. Bunky and Shorty La Casce argued the point, with Kenny Stout apparently shoving Bunky Orr, and Orr giving Stout a rough time as the players from both teams spilling out on the field in the bargain basement melee. No one was tossed out of the game, which was resumed after 20 minutes of bitter debate.

Both teams played loose ball neither one looking like champions.

G.E. scored first in the third inning. Rex Hannah singled, Buzz Gardner advanced him on another single, with Jeff Benner's long single bringing in Rex.

Jake Kuhns whacked out his first home run of the year in the fifth to give G.E. a short 2 to 1 lead, as his rifle shot into left field eluded Bruce Wilson.

Riverside scored their first tally in the third on Bob Mayer's double and scored when Jack Edingfield singled down the third base line. Bob Mayer and Edingfield scored two more runs in the fifth on successive doubles and slow G.E. ball handling.

Bruce Wilson homered in the sixth to make it 4 to 2, driving the ball deep into left field.

After the big fracas in the seventh inning, G.E. started to play better ball, and nearly pulled the game out of the fire in the ninth, when Bud Mayer wobbled, walking 3 men, and Chili Hull's fielder's choice scoring N. Hanna. Bunky Orr flied to right field for the final out, with the winning runs left on base.

Jeff Benner pitched the toughest game of the year. Jeff was a little wild, walking four, while giving up 11 hits, fanning seven, and getting little help from his mates.

Bud Mayer was equally wild, giving up eight hits, walking four, while striking out eight.

Carl Fischel, Rialto, landed a 2¼ pound rainbow trout, 23 inches long, last week to lead in the monthly fishing competitions at Lake Arrowhead. He used a troutarina wooden plug

LETTERMEN RETURNING TO CHAFFEY TIGER SQUAD

These seven lettermen, veterans of last year's squad, will probably be the nucleus around which Coach Truscott "Truck" Lindsey will probably build his 1946 Chaffey high school football machine. Shown in the front row (left to right) are three linemen—Gene Koffler, tackle; Ray Lucas, center, and Doc Parnell, tackle. Back row, all veteran backfield men, are (left to right) Lowell Havener halfback; Bill H. Wolfe, halfback; John Whitham, fullback; Jim Hayes, halfback, and Simon Hoyos quarterback.

The Upland News Photo

Tigers Show Deception, Power In First Scrimmage; Some Stand Out

BY STEVE KALAGIAN

If the first scrimmage of the year can be taken to mean anything, the Chaffey Tigers will be even faster than last year and use lot more deception in their plays.

Playing against what has tentatively being labeled the third team, a combination which included such lettermen as Jim Hayes, and Bill Wolfe, halfbacks, John Whitman, fullback, and Simon Hoyos, quarterback, at times displayed a running attack that has the potentiality of developing into a real powerhouse by the time league play begins.

As was to be expected this early in the season, there were times when the line failed to hold and an attempted pass was squelched by an onrush of the defensive team. Several passes over the line clicked and were good for sizeable gains.

Breaks Away

Wolfe broke away for more than 50 yards one time behind perfect blocking and coordination of both the line and the backfield. The offensive team seemed to click just about the way Coach "Truck" Lindsey might have wanted and if the Tigers can play like they did on this one play most of the season, they'll have little difficulty in making more than just a good showing in the Citrus Belt league.

With seven lettermen back on the Tiger squad, five of them backfield men, the high school eleven has the nucleus for winning combination. Wolfe, who played good game last year, looked even better Friday night, twisting and turning more than he has in the past and showing some signs of developing a pair of "snake hips."

Shows Power

Fullback Whitman showed great driving power and a smashing ability to rip through the lines frequently enough to justify the hope that he will be about the kind of fullback that the Tigers will want this season. Lowell Havener, playing with the second

(Continued on Page 6)

Game Sept. 27

Chaffey football fans will have their first opportunity to see the Chaffey Tigers in action on Friday, September 27, when the high school eleven plays East Bakersfield for its first non-conference game. The Tigers also have scheduled non-conference tilts against Fullerton and South Pasadena before starting on the CBL circuit against Colton on October 18.

Announce List of Bouts For Tonight

Six Upland cub scouts, ranging from nine to 11 years old, will put on what is certain to be a lively exhibition before the I.O.O.F. lodge tonight.

Those appearing on the card tonight as announced today by Dick Allen, cubmaster, who is also noble grand of Euclid Lodge No. 68, follow:

Gary Adams, 54 lbs, vs. Jimmy McKellar, 51 lbs.

Loren Sanchez, 100 lbs, vs. Charles McKellar, 89 lbs.

Marland Sefton 85 lbs, vs. Louis Hoyos, 102 lbs.

The bouts will go two rounds.

The entertainment committee headed by David Jones will present at the meeting tonight a summary of the activities planned for the future.

Merchants Rally In Ninth to Eke Out Win

Manager Kenny Smith's Ontario Merchants eked out a ninth inning 7 to 6 victory over the Luke's Inn nine from L.A., Sunday afternoon at John Galvin park.

Rex Hannah, playing his first baseball in some time, made his appearance felt by slugging out a first inning home run over the left field wall, 467 feet away, with the ball sailing 30 feet over the fence. Three successive singles by Jess and George Solters, with Herb Gunther's hit scoring Jess.

Rex Hannah singled in the second and scored on Kenny Smith's double.

Luke scored a run in 2nd, 5th, and 7th, on singles to keep in the game.

Johnny Richardson went the first five innings, retiring in favor of Luby, who finished the game. Kenny Smith tripled in the eighth, drove in Swinker. Kenny had a good day at the plate, getting a single, double and a triple.

Luke's staged a terrific rally to score three runs in the ninth on three hits, to tie up the game at 6 all.

The Merchants had two men on base when Swinker's hi-pop fly was lost by the pitcher, and Gunther scored the winning run.

Mgr. Kenny Smith stated that a winter league is being planned with Claremont, San Berdoo, Riverside, Colton, La Verne and Ontario being the prosective towns and teams.

Claremont will be Ontario's opponent next Sunday at John Galvin park.

Eaton Handles Golf Classes

Fred Eaton, one of the outstanding golf professionals in Southern California, will be in charge of golf classes for Chaffey college students this year, according to an announcement from Leo Wadsworth, college director, today.

Students will receive instruction at the Upland Fairways, which is owned and operated by Eaton. Although Eaton will do actual instructing, the whole program will be under the direct supervision of the Chaffey physical education department, Wadsworth declared.

Golf instruction at Chaffey will be on a voluntary basis. Students may select golf as one way to meet some of their physical education requirements. Registration for golf started at Chaffey yesterday and will continue until the end of the week.

Eaton, who is a member of the Professional Golfers' association of America, has been a golf instructor for more than 10 years at various golf clubs, including Red Hill.

Give Schedule for Chaffey Plunge

As long as there is a sufficient demand for the use of the Chaffey plunge, the schedule instituted Monday will be maintained, declared Fred Clapp, plunge director.

Since the pool will be used by the physical education departments of both the high school and college, it will be reserved for the students during the regular school periods. However, it will be open to the general public from 3 to 4 p.m. each week day, and from 1 to 4 p.m. Saturdays and Sundays.

Riverside Wins; 3rd Game Today

G.E. Makes Errors, Fails to Hit In Pinches; 1550 See Game Here

BY DON BENSON

The Riverside Packers continued to be happy over G.E.'s miscues, as the Packers gave the local's their second successive lacing, 6 to 3 last night at John Galvin park, before a crowd of over 1550 fans.

While Glenn "Cab" Callaway fanned nine, walked none, the nine hits hurt due to sloppy ball handling and errors, that gave Riverside the game, plus G.E.'s inability to hit the ball with the bases loaded.

Stan Jacobsmeyer started for the Packers but wobbled in the sixth and was lifted in favor of Bud Mayer in the seventh, after Bunky Orr had doubled. Stan gave up six hits, six walks, fanning one man.

G.E. started off with a bang that turned into a small size sizzle. Buzz Gardner bunted safely to open the second. Benner's drive to the second baseman put Gardner on third and Benner on second, when the second baseman's throw hit Gardner. Norris Hanna's long single scored both runners with Hanna being put out at second, as he lazily came into the bag.

The hi-jinks started in the third. Ben Hammerschmidt walked, Jacobsmeyer sacrificed him to second, Bob Mayer's drive at short was thrown away by Rex Hannah, with everyone safe. Jack Edingfield's double scored two runs to tie up the game.

Lady Luck left the G.E. permanently in the fourth. With two out, Bushman singled, Hammerschmidt doubled, with errors on G.E.'s first baseman Gardner and Kuhns allowing both runners to score. What a mix-up!

G.E.'s big golden opportunity turned to quick silver in the sixth. Buzz Gardner bunted safely again to start things rolling. Benner singled and Hanna walked, to fill the bags. Jake Kuhn's fielder's choice down the third base line, caught Gardner at the plate and forced Benner at third. Chili Hull doubled to score Hannah, with Kuhn reaching third. Callaway walked, but Monnie popped weakly to end the rally. G.E. scored only one run on three hits and two walks, to more than "miss the boat."

Riverside powdered out a single and two lusty triples in the ninth to sew up the game, 6 to 3.

Tonight will be G.E.'s last chance to get back in the scramble with Riverside for the American League championship playoffs with G.E. traveling to Riverside for the third game of the three out of five series.

Since Riverside has cashed in handily on G.E.'s miscues in the last two games, to put them out in front with two wins to G.E.'s none, tonight's game could easily eliminate G.E. from future play and put Riverside up against the winners of the National League. Santa Ana seems to be the the favorite in their series against Long Beach, leading the series at the present time.

Riverside will probably find Bud Mayer against G.E. again, with Jeff Benner ready for G.E.

Game time is 8:00 p.m. at Evans park, Riverside.

MANY NEW CUSTOMERS
CAME YESTERDAY

Not just yesterday, but every day, there are many people who are in this big market for the first time. Steadily, day after day, new customers come here and become regular customers. Why? – because every trip here means

Money Saved
and
Complete Satisfaction

This is a "growing" market. Not satisfied with only today's business, we seek to make every visitor here a regular customer through giving the finest possible bargains and the greatest possible selection.

It pays in every way to drive out to WALKER'S for MEATS, GROCERIES and VEGETABLES. Come once . . . and you will be a "regular" customer.

Commander Says World Situation Is Still Critical

Large Crowd At Tri-Club Meet Monday Night

"World peace has arrived at a point where it is nothing but an armed truce," Commamnder J. M. LaFollette told the members of the Alta Loma, Etiwanda and Cucamonga service clubs last night.

He said that it was the navy's job to carry out the commitments made by those in charge of our government and that these commitments were so great that the navy needs to maintain its present size and strength.

LaFollette said that the navy had reached a peacetime total of 437,000 men, compared with 80,000 in 1938. Although the war emergency has not been declared officially over, the commander said that the navy had completed its demobilization program and every sailor was now a volunteer.

Although the navy needs men who want to make a career of the service, LaFollette said that the two year enlistments have been discontinued, leaving the four and six year enlistments. Because of the great technological advances of modern warfare, the navy now needs men with aptitudes for mechanics, radar, electronics and allied fields.

The speaker urged that the nation continually be on its guard and felt that there would be many storms ahead before the world finally arrives at a permanent state of peace. He pointed out that we, emerging from the war virtually unscathed compared to the others, and as the richest and most powerful nation, could expect continual trouble and bickering.

A potential enemy, by concealing atomic bombs on merchant ships could destroy every one of our harbors at once, the commander stated. He mentioned the fact that radioactivity is so great in Bikini lagoon from the last atomic bomb test that it is still impossible to make a survey of the damage.

"We have no monopoly on brains," La Follette said. He went over a long list of weapons used during the war and traced their orgin. The V-1 and V-2 were invented by the Germans and not one single V-2 was ever shot out of the sky. The Togi-antenna, invented by a Japanese, was the most effective single piece of radar. Radar itself was first developed by the British. A combination of scientists, including German, Russian and Scandanavian made possible the atomic bomb.

As a warning of what the future might hold, LaFollette mentioned that the Russians were talking of holding "Cosmic Bomb" tests, which would devastate thousands of square miles instead of the few square miles smashed by atomic power.

Following his address, sound films which he brought with him were projected on the screen. The Alta Loma boy scouts attended the showing of the films.

Three chief petty officers, Speedie, Capane and Scott, attended the meeting with Commander LaFollette. A total of 57 members of the three service clubs were present at the meeting. President Ernie Barbour of the Atla Loma community club presided and numerous guests were introduced.

The dinner preceding the program was served by a women's committee composed of Mrs. A. A. Hogancamp, Mrs. Eugene Billings, Mrs. William Hutton, Mrs. Ray Barber and Mrs. Johnson.

Budget director challenged on wartime rail freight rebates.

Fire District Hearing Monday For Cucamonga

Members of the Cucamonga service club will be present at the scheduled hearing for a fire control district by the county board of supervisors Monday evening in San Bernardino, according to J. R. Thrasher, president of the club.

Thrasher said that a meeting place would be set later and that as many people as possible are urged to attend the meeting.

The supervisors at the last informal hearing on the proposed fire district agreed to give their definite answer at the time of this formal hearing. Both the service club and the county agreed that if a fire district were approved, it would be locally owned and operated.

Alta Lomans Get Parking Tickets

The long arm of the law moved into Alta Loma last week to enforce the campaign for safe driving sponsored by the Alta Loma community club.

A traffic officer appeared and in a short time, issued 13 citations, mostly for illegal parking. Seven culprits are scheduled to appear soon before Judge William Hutton in Cucamonga.

Judge Hutton reported that so many violations were apparent that the officer returned to San Bernardino to check his instructions before issuing any citations.

Herbert Hall, chairman of the traffic committee for the community club, said that the actions were taken solely for the safety of the people of the community, particularly the children who are now attending school.

To Investigate Rail Franchise

The Pacific Electric's reply to the request for rail transportation is unsatisfactory, J. W. Yopp, chairman of the transportation committee of the Alta Loma community club told members of the club yesterday.

The club had asked the company to resume passenger service to Alta Loma, which was discontinued during the war. Alta Loma is now without train or bus service and the club is seeking a minimum of two round trips a day by rail.

In view of the company's refusal to restore the transportation, Yopp said that the committee plans to get a copy of the franchise from the county files and demand that the company uphold their end of the franchise, which promises passenger service.

According to Yopp, there is considerably agitation in towns along the PE tracks for restoring passenger service.

Members of the committee are Yopp, chairman, Art Allen and Herbert Hall.

Nimitz To Speak In San Bernardino

Fleet Adm. Chester W. Nimitz has accepted the invitation of the San Bernardino Navy Mothers club and will speak at the municipal auditorium in San Bernardino on October 2. He will come to San Bernardino from the American Legion national convention in San Francisco where he will be one of the principal speakers.

Tigers Show Lots of Power

(Continued from Page 5)

team, broke away several times as did Hayes, who seems to have a knack of eluding tacklers even when they apparently have hold of him.

The "T" formation with a single wing back combination as introduced by Coach Lindsey looked effective and made for a more picturesque appearance from the spectator's point of view. The boys seemed to fit into it as if they had playing with it for more than just a few weeks.

Little Short

The second team combination which also took the offensive Friday night seemed to fall short of the desire of the Tiger coach to develop two teams of almost equal caliber. But it's still early in the season and with the kind of workouts that the team is getting from Coach Lindsey, it is not too improbable that two teams of almost equal effectiveness might yet be realized.

While its still too early to attempt any evaluation, the Tigers in their first scrimmage seemed to be the kind of team that will have to be reckoned with this year.

Rosary Service For Cucamongan

Rosary service and mass was held for Mrs. Maria Ledesma, 88, who passed way at her home, Twenty-fifth street and Turner avenue, Saturday afternoon after an illness of three months duration.

Monday night rosary service was read at Stone's mortuary and mass was held at the Cucamonga Catholic church this morning, Rev. Father Louis Conti of the Guasti Catholic church officiating. Burial was at Holy Cross cemetery, Pomona.

A native of Mexico, Mrs. Ledesma had lived in California for 20 years and was a 14-year resident of Cucamonga.

She leaves two sons, Andy Ledesma and F. Ledesma, both residing in Cucamonga.

No. G 2115
NOTICE OF SALE OF REAL ESTATE AT PRIVATE SALE

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN BERNARDINO.

In the Matter of the Estate and Guardianship of ELMER R. ALLEN, An Incompetent Person.

NOTICE IS HEREBY GIVEN that the undersigned, DORIS S. ALLEN, as Guardian of the person and estate of ELMER R. ALLEN, an incompetent person, will, on or after the 30th day of September, 1946, sell at private sale, to the highest and best bidder, upon the terms and conditions hereinafter set forth, and subject to confirmation by the above named Court, all of the right, title, interest and estate of said incompetent in and to the following described real property, to wit:
An undivided one-half interest in and to the following described property, to wit:
That portion of Lot 544 of Ontario Colony Lands, in the City of Upland, County of San Bernardino, State of California, as per plat recorded in Book 11 of Maps, Page 6, records of said county, described as follows:
Beginning at a point on the North line of Eleventh street, 69 feet West of the West line of Campus Avenue; thence North 151 feet; thence West 54 feet; thence South 151 feet; thence East 54 feet to the point of beginning;
— and —
Lot 1 of G. B. West Subdivision, City of Upland, County of San Bernardino, State of California, as per plat recorded in Book 17 of Maps, Page 45, records of said County.
TERMS AND CONDITIONS OF SALE: Cash, in lawful money of the United States, to be paid upon confirmation of sale: Purchaser to take property subject to the 1945-46 taxes; Ten per cent of the amount bid to be paid at the time bid is submitted;
All bids must be in writing, and may be delivered to the undersigned Guardian, at the office of A. D. MITCHELL, 311 Emmons Building, Ontario, California, or may be filed in the office of the Clerk of said Court above named at any time before the date of sale.
Dated this 13th day of September, 1946.
DORIS S. ALLEN,
Guardian of the Person and Estate of ELMER R. ALLEN, An Incompetent Person.

No Polio Cases Reported Here

There have been no polio cases in Upland reported to her, Miss Elsie Hinds, city health nurse, declared today.
It has been rumored that a case of infantile paralysis broke out in the city last Sunday. However, no report on any such case has yet been made to the city health department, Miss Hinds stated.

Want smart-looking roofs with long-lasting protection against all kinds of weather? Prepared-paper and metal roofs really slick up when you paint them with Standard Asbestos Roof Coating. Its fire-resisting quality is in its large percentage of long asbestos fibers and mica; and these allow stretching and bending without cracking. It's tops, too, for coating inside of fruit-sulphuring sheds.

Majority Of Students Are New To Chaffey Campus

High School Full, College Crowded As Schools Open Big Enrollment

The majority of students at the Chaffey schools are new to the campus, according to figures released from the school offices yesterday. Almost half of the high school enrollment consists of new pupils, while two-thirds of the collegians are strangers to the campus.

The campus is full, but not overcrowded, was the condition at the high school yesterday and today at the new school term opening as described by Principal Ernest Fischer.

All regular class work was started yesterday with 2,217 in actual attendance, making an increase of 356 over last year's 1,861.

Almost half of those attending were new to the campus, nearly 600 of that number being freshmen and 400 new students in other divisions. Members of the Girl's league formed a guide service and aided the newcomers in finding their rooms.

The new classroom building on Fourth street was occupied with various agriculture, mathematics, and English classes during the day. Because of the hurry-up work done on the building over the week-end, only minor work remains to be done on the interior of the building while the outside lacks only painting.

Mr. Fischer expressed his thanks to Frank Edwards, contractor, for the completion of work which enabled the school to hold classes in the new building.

Largest classes on the high school campus are the freshmen girl's chorus with 105 attending and the intermediate chorus for girls with 98. Miss Ruth Krouch, new music instructor, is teaching both classes.

Since construction of housing units on the college parking lot creates a parking problem for college students, the north end of the high school lot has been earmarked for use by the college.

At the college, Director Leo A. Wadsworth states that the school is very crowded. Almost 1,100 are now completely registered and since students are still being admitted, final figures will probably go well over 1,100.

Since two-thirds of the student body are new to the college campus, information desks were established to aid the new students.

Admittance to a great many classes is now being refused, although students are still gaining admittance to classes not already full.

Enrollment is large in many of the history and government classes, but an effort is being made to keep most of the other classes smaller. In cases where enrollment in one class becomes too large, new sections are made. The freshman composition course, English 1a, now has 18 different sections.

Separate assemblies for men and women students have been scheduled for tomorrow morning with a joint assembly to take place later in the week. At 8:45 a.m. the women will meet in the college auditorium while the men gather in the civic auditorium.

Harry Knotts, regional training officer for the Veteran's Administration, will discuss veteran's problems in relation to the college at the men's assembly. At both the men and women's gatherings, matters concerning the school in general will be presented.

Central Market Is Remodeling

Remodeling of the Central market is under way in a program of providing customers with self-service facilities and with additional accommodations.

Delicatessen and bakery departments are scheduled in a rearrangement of the store. One self-service, refrigerator vegetable display case has been installed and another one will arrive soon.

Joseph Marks and Harold Spiegel recently purchased the grocery store, located at Second avenue and Ninth street. Frank Tomkins is proprietor of the Central meat market, adjacent to the grocery store.

Interior of the building was recently repainted. Since then other improvements have been made and the remodeling and improvement program entails expenditure of more than $5,000.

While changes have been gradual so far, arrival of new equipment will mean complete rearrangement of the store to enable customers to obtain improved service and a more complete selection of merchandise.

Consider Use of Ontario Airport For Reserve Unit

Action is expected sometime this week from the war department on the proposed use of the Ontario International airport as a flight training center for an Army air force reserve unit.

The use of the Ontario airport was recommended to the war department by an army official who investigated the possiblities of the situation last week.

If the recommendation is acted upon favorably by the war department, the field would be used to give flight training for members of the reserve in this area. Equipment which would probably be used includes AT-6's, P-51's and BT-13's.

Now Is Time To Check Thermometers

Ralph G. LaRue, assistant farm advisor, has reminded citrus growers that "Now is the time to give consideration to having orchard thermometers in proper condition."

Proper shelters are necessary, LaRue said. A six-inch board, with a four inch flap under the thermometer can be mounted five feet above ground, provided the thermometer is faced north and placed as far away from any heater as possible.

Have you registered? You can't vote Nov. 5 if you are not registered. Do it now.

Randall Eastlack Back After Many Months Overseas

After many months of service Randall Eastlack has returned home. His most recent point of service was Tokyo and he had been overseas 18 months. He had the rating of master sergeant.

Serving in the infantry, the Uplander went into training and was steadily advanced in rank. He is the son of Mrs. Ella Eastlack, Foothill boulevard.

His wife is the former Eloise Asper. The couple is now vacationing at Big Bear Lake.

Building Here Hits $82,221

(Continued from Page One)

all of September last year there were 17 building permits issued, with only five of them for new dwellings.

The sudden spurt in building this month boosts the unofficial building valuation for the year to $858,964.27 which is an all-time high for the building history of Upland. At the end of September, 1945, the year's total was $178,247.74. There have been 300 permits issued this year as compared to 205 in 1945.

SPORT GRAPHS

(Continued from Page 5)

ening their claws for the '46 season for success.

Last Friday nite at Riverside the G.E. Stars did what lots of fans have been wanting to do all season, namely, jump onto an umpire!

While such incidents are not to be condoned, and gives the team and the league a black eye, nevertheless it wasn't all G.E.'s fault, as Umpire Kenny Stout apparently brought the wrath upon himself by his own attitude and actions.

As far as Riverside players are concerned, they are the best sports in the league and well liked by all players of the G.E. team and were equally sorry the whole affair happened.

Two Go To Chino For Second Degrees

Two from Euclid Lodge No. 68, I.O.O.F., will go to Chino Wednesday night to receive their second degrees, Noble Grand Dick Allen announced today.

The new members are Larry Smith and Kenneth Carson. Also being given their second degrees tomorrow will be 20 candidates from Fontana where a new lodge was recently established.

Billings To Speak At Lions Meeting

Eugene Billings of Alta Loma and a former army officer will be the speaker at the meeting of the Upland Lions club in the Upland Woman's club house at noon Thursday. He will tell of his experiences in the China, India and Burma theater. He is the son of Mr. and Mrs. Gordon Billings of Alta Loma.

Race Gets Hot In Car Contest

(Continued from page 1)

fulness; here is where your courage upholds you and make you fight or the lack of it takes the spirit out of conquest and leaves your trailing behind — an "also ran".

Sometimes, too, your supreme courage urges you on even when you tire but that is the gamest fight of all:

'Tis the coward who quits to misfortune;
'Tis the knave who changes each day;
'Tis the fool who wins half the battle,
Then throws good chances away.
The time to succeed is when others,
Discouraged, show traces of tire.
The battle is fought on the "home stretch,"
And won—'tix the flag and the wire.

Let GOOD WIRING keep it modern for many years to come!

Modern living—now and in the future—depends upon complete electrical service. Automatic electric cooking, water heating, dishwashing and laundering, easier cleaning—these and many other conveniences are possible in any house that is properly wired. Good wiring costs, on the average, only 4% of the total building budget. Yet it is one of the finest investments you can make in the continued liveability of your home . . . one of the surest safeguards of selling value. To be sure that your wiring plans are fully adequate, check them with Edison's free advisory service on home wiring. No obligation—just phone or write your nearest Edison office for information.
